Edwin Tingstad	Inland Orthopedics	Orthopedic Surgeon			
Lenora Waelti	Summit Physical Therapy	Physical Therapist			
Lauren Godde	McDaniel College	Strength and Conditioning Specialist			
Kai Seshiki	PRH	Athletic Trainer			

Classes & CTSO Update

What is going well and what needs to be improved?

Students are enjoying being back in class. First couple classes were challenging because it was content based so kids were wanting to jump straight into taping and bandaging. More class involvement how to incorporate CTSO in afterschool programs. Just at games or during practice time as well. When they volunteer afterschool, I am having a half page write up to tell about what was learned during that day. Have students come in everyday afterschool and have them earn being able to work games. So them all the hard work that goes into being an athletic trainer. WSU students program is set up to be mentors to other so it would be a great learning experience for both WSU and PHS students.

4 Year Plan/Program of Work

Review 4 year plan, set goals/make a plan for what will be achieved this year.

Program Goals

1	Have leadership interest in WSTMA
2	Spark interest in CTSO by giving more opportunities for students to participate
3	Update Standards by combining previous course curriculum
4	Travel to a conference for WSTMA

Goal Action Plan Worksheet

Strategies & Action Steps	Responsibility	Timeline	Evidence of Effectiveness
Sign up everyone for WSTMA attend instructor meetings	ER	November	Roster of WSTMA and announcement to class
Standards Sports med I and II due Jan	ER	January	Approval from the state

Program Review & Approval

Instructor Approval – approval of current year’s instructors/suggestions for professional development.

Motion Required HOSA conferences , more guest speakers. Motion for current years instructor Erin Rose

Motion passed unanimously

Review Articulations

New Courses/Materials

Are there any classes/courses that you are submitting for approval for Spring semester and/or next school year? Are there any course materials you need for new/current courses?

Frameworks are up for review for both Sports Med I and II. Potentially looking to find new books for class with less dense material for next year along with a anatomy book for students. Look for essential of arnheim book.

Labor/Market Data

Determine a need for courses/programs based on labor market data.

[NuMetrics CTE Dashboard](#)

Continue teaching sports med due to labor market

Motion Passed unanimously
