

WELCOME, GREYHOUNDS!

PHS SUPPLIES

Pullman High School teachers who require specific supplies will let the students know within the first couple of weeks of school. Students are encouraged to purchase their own basic supplies of lined paper (bound or loose), pens, pencils, backpack and any organizational items they prefer. Higher level math courses often provide the required calculators so families should not purchase such items until they confirm it is needed.

Students can also ask talk to their guidance counselor if they need assistance obtaining basic supplies to feel prepared for classes.
